Hi Nadine here...

Life gets much better when you have the right information to act on...

And as part of **"The Life Director ®" Community** you have now *finally* entered that new stage in your life.

It says a lot about you...

It shows me that you are determined to solve the issues in your life.

You have the *courage* to face your fears.

And you truly want to make a positive lasting change and you WON'T settle for anything else.

AND you're exactly the type of person I love to give this kind of information to...

I want to help you achieve true confidence, and total control over every aspect of your life...

Your health, your relationships and your goals.

Because for a massive period of my life, I felt lost... desperate.

Only when I was stripped of my career and my health did I find answers.

Only after I was diagnosed with cancer, and lost the business I loved, did I find my purpose.

And I made a promise to myself after my recovery:

"I will help those who feel aimless in life, find their purpose, in a fraction of the time I did, with real actionable guidance that wastes no energy" — This was my calling.

So to live up to my own expectations, I have truly **golden advice** I'm certain you'll find exciting, life changing and unforgettable...

And it will be delivered straight to your inbox...

You will be getting powerful information like:

- **The number 1 principle to eliminate self-doubt**
- **How to change your beliefs in an instant**
- **5 ways to tap into deep-rooted confidence**
- **3 part goal setting guide that may change your life forever.**

And that will cover the first month only! — In other words there will be much, MUCH more content... for FREE!

Simply put, you will receive easy to act on emails every week around 2 maybe 3 times per week

week... around 2, maybe 3 times per week.

And I promise to pack them with as much value as possible.

One because, I would have only dreamed of access to this information during my lifetime...

Two, because you've entrusted me to speak with you directly, I want to make every interaction as beneficial as possible.

This is my calling... **and I'm not holding back.**

I didn't get trained in hypnotherapy, NLP and coaching for no reason.

I didn't spend 15 years of my life developing my skills and "The Life Director (TLD ®)" method to only help myself.

I devoted those years to helping others change theirs.

So [NAME], I'm really excited to have you as part of the community.

And to make sure you never miss one of these amazing emails, that I've taken so much time to produce...

Please add nadine@nadinechammas.com to your email contacts.

This will ensure the emails are delivered to your inbox, not spam or promotions.

Hope you have a lovely day!

Love,

Nadine x
